PROFESSIONAL SUMMARY

Detail-oriented B.Tech Computer Science graduate skilled in Java, SQL, and data analysis. Proven experience in developing and automating processes through academic projects. Strong foundation in object-oriented programming, clean coding practices, and problem-solving. Ready to contribute effectively to software development, Java applications, and process optimization.

TECHNICAL SKILLS

• Languages: Core Java, SQL, HTML, CSS, Basic Advanced Java

• Concepts: Object-Oriented Programming, Software Development Life Cycle Basic Data Structures and Algorithms

Technologies: MySQL, Relational Databases, DBMS
Tools: Eclipse, Visual Studio Code, Git

• Soft Skills: Problem Solving, Adaptability, Team Collaboration, Critical Thinking, Communication, Attention to Detail.

EDUCATION

Bachelor of Engineering in Computer Science

Sathyabama Institute of Science and Technology, Chennai

CGPA: 8.57 (June 2019 - May 2023)

CERTIFICATIONS

- Java Full Stack Development (Ongoing) TAP Academy, Bangalore Certification
- Java Fundamentals Internship Studio Certification
- SQL and Relational Databases Cognitive Class Certification
- TCS National Qualifier Test (NQT) Cleared with focus on aptitude and programming Certification

PROJECTS

Portfolio Website - Link

- Developed a responsive portfolio website using semantic HTML and custom CSS to showcase projects and skills.
- Designed with a clean layout, accessible structure, and mobile-friendly responsiveness.
- Tech Stack: HTML, CSS.

Client Management System - Link

- Built a Java console application with CRUD functionality using JDBC and MySQL.
- Secured database interactions using PreparedStatement and handled exceptions gracefully.
- Designed modular code for maintainability and clean architecture.
- Tech Stack: Java, JDBC, MySQL, SQL.

Online Medical Management System

- Developed a Java and MySQL-based system to manage pharmacy inventory, billing, and sales.
- Integrated real-time stock tracking with a secure multi-level admin interface.
- Technologies Used: Java, MySQL, HTML, CSS.

PROFESSIONAL EXPERIENCE

Java Intern (Expected: August 2024 - October 2024) - Certification

Internship Studio - Remote

- Gained hands-on experience in Java programming and OOP concepts
- · Collaborated on small Java-based projects and debugging exercises
- Improved communication and reporting in virtual team environments
